B Coast Sundance Lodge	G Delta Residences
C Hearthstone Lodge	H Fireside Lodge
D Delta Sun Peaks Resort	I Kookaburra Lodge
E Sun Peaks Lodge	J Nancy Greene's Cahilty Lodge

LET YOUR ALPINE EXPERIENCE BEGIN

- 1 Explore the **Valley Trail System**. The Valley Trail is a paved walkway weaving through Sun Peaks Resort. The trail is 3.4km in length and is marked by banners mounted to lamp posts.
- 2 Take yourself on a tour of the **Village Day Lodge**. Here you will find Guest Services, Sun Peaks Adventure Centre, Sun Peaks Golf Shop, and more. **Sun Peaks Adventure Centre** is open at this location June 23 to September 9. For any inquiries on activities outside these operational dates, call 250.578.5542.
- 3 Sun Peaks village offers two **playground areas** for children. The first is located by Child Minding at the Sun Peaks Sports School, next to the Village Day Lodge. The second is located behind the Sports Centre, next to the soccer field.
- 4 Stand in the centre of the Village Square to recreate a personal postcard image of you and the **Sun Peaks Clock Tower** with Tod Mountain as your background.
- 5 While admiring the breathtaking views of the surrounding mountain valley, it's time for a photographic moment sitting in a **giant Sun Peaks lounge chair** with Mt. Morrisey as your background.
- 6 Tour inside **Nancy Greene's Cahilty Lodge** to view Canadian Olympic Skier Nancy Greene's personal collection of awards including her 1968 Gold & Silver Olympic medals, and her famous World Cup Globe.
- 7 The **Secwepemc "Shuswap" Medicine Trail** is located directly behind Nancy Greene's Cahilty Lodge. This interpretive walking trail will teach participants about the local plants and berries grown in the Sun Peaks region that were gathered by the Aboriginals who once lived in the region.
- 8 **Sun Peaks Sports Centre** has a year round outdoor heated pool, kids pool, and hot tub. **Tennis courts** are available and racquets can be rented at the Sports Centre. The Sports Centre operates from June 29 to September 3.
- 9 **Visit art displays** at the Kookaburra Lodge such as the "Kookaburra Tree Mural." Found inside the main entrance to the building, this ceramic piece incorporates raku bird components. Outside the building, you will find "Sunshadow & Moonshadow"—carved second growth western red cedar logs—standing as a welcoming salute. Be sure to hear the extended hourly bell chimes at 8:00am, 12:00 noon, 4:00pm and 8:00pm set among the mountainous atmosphere.
- 10 **McGillivray Creek**, which runs between the village core and the Sun Peaks Golf Course, flows down to Louis Creek, into the North Thompson and then into the Fraser River before flowing into the Pacific Ocean.
- 11 Walk over to the picturesque **Covered Bridge** to walk among the valley flowerbeds, and stand atop the first tee of **BC's highest elevation golf course**. Be sure to both listen and watch for forest wildlife—such as the bald eagle and white tailed deer—that inhabit the area.
