SUMMER IN SUN PEAKS.

Despite being Canada's second largest ski resort, Sun Peaks remains one of British Columbia's best kept summer secrets: a big, glorious mountain playground with bright summer energy and laid-back locals.

Whether your day begins on a chairlift and ends in a hot tub—or the other way around—we know how to amp up and chill out: Morning bike park laps and post-ride poolside naps. Alpine hiking and wildflower sightseeing. Live music and cold pints. Take it up a notch with a show in BC's largest covered outdoor concert venue at the Sun Peaks Centre.
