BRITISH COLUMBIA, CANADA

WILDLY RELAXED SUMMER GETAWAYS

In the heart of British Columbia, Sun Peaks is part of both Rainforest to Rockies and Nature's Heartland, two of BC's Iconics shaped by remarkable landscapes, nature, and culture. Surrounded by mountains that encircle a welcoming and walkable village, summers here make it easy for travellers to find their own balance of adventure and relaxation. Wander through wildflower meadows, ride world-class mountain bike trails, tee off among mountain views, or settle into the rhythm of long sunny days and fresh alpine air. Some places make people breathe a little deeper. At Sun Peaks, wide-open alpine views and scenic trails are remarkably easy to reach. With chairlifts operating into the evening, there's no need to rush. Wander farther, linger longer, and let the day unfold.

MORE WAYS TO MAKE THE MOST OF YOUR SUMMER

Travellers can choose from gentle sightseeing walks to higher alpine routes with expansive mountain views and a peaceful stop at Tod Lake. Many trails begin right from the village, or take the Sunburst Express chairlift to mid-mountain at 1,850 meters, where alpine terrain is just steps away. Explore farther on a guided e-bike or backcountry Jeep tour, paddle quiet mountain lakes, or slow things down with a yoga class and sauna. Back in the village, families can discover the adventure playground and pump track, while the Sunday Market Day and brunch brings local vendors, makers, and flavours to the village June to October. Patios, local dining and a summer calendar of live music and cultural events offer plenty of reasons to linger after a day outside.
