Lead Snowshoe Guide

Position summary

The Lead Snowshoe Guide position combines interpretive guiding, guest service, winter safety, trail operations, and team leadership. This position leads snowshoe tours for visitors and organized groups while helping coordinate staff, equipment, schedules, and daily program delivery.

The role is suited to an experienced outdoor leader who can make sound decisions in changing mountain conditions, communicate clearly with guests and colleagues, and deliver consistent, high-quality experiences.

Job Responsibilities:

- Guide daytime and evening snowshoe tours ranging from 2-3 hours in duration, on the Sun Peaks Resort snowshoe trails and on Tod Mountain.
- Deliver an outstanding guest experience through meaningful, enthusiastic, and enjoyable interpretive tours.
- Guide educational snowshoe tours for school and university groups.
- Prepare hot apple cider and refreshments for each tour.
- Greet and answer visitors' questions and assist them as required.
- Work with our team to ensure successful snowshoe operations.
- Promote snowshoe programs throughout the resort.

Required qualifications and skills:

- 2 + years previous experience leading groups in recreation, tourism, outdoor education or a similar setting.
- Demonstrated leadership, and group organization experience.
- Education, training and experience in guiding, outdoor education and the environment.

- Experience leading tours with all age groups including adults, school children from grades K-12 and University students is considered an asset.
- Must be physically active and able to carry heavy backpacks and other snowshoe equipment.
- Must have completed the minimum of WSBC Basic First Aid level 1 (Previously OFA 1) and CPR A & C certification.
- Applicants must have their own suitable accommodation at Sun Peaks and the ability to prepare all tour supplies including refreshments.

Renumeration: $25.00 hourly plus vacation pay.
