

Sun Peaks Forecast (Inside ski area boundary)

Issued at 7 am

Morning

Afternoon

Evening

An upper ridge will remain over the southern interior for the next few days. Mainly sunny skies are expected. Some valley clouds will develop near the village elevation. Temperatures will be cool, especially overnight. Wind will be light.

Current weather and snow conditions

Low density storm snow from this week improved the base. Watch out for early season conditions, new snow covers lots of unmarked hazards (rocks).

Lots of excellent groomed runs

Mainly sunny around the tops

CAUTION

The avalanche hazard information is a generalized forecast from Avalanche Canada for this region provided for your information only. Local conditions can and do vary widely and can be dangerous at any time even if the forecast does not report this. Know your route, be properly equipped, notify someone of your travel plans, never ski alone. Sun Peaks Resort LLP does not endorse or encourage going beyond the ski area boundary at any time. Persons going beyond the ski area boundary do so at their own risk and assume all liability and responsibility for their own safety.
