Alpine Safety

It is essential that all skiers and snowboarders know and abide by the rules of the **Alpine Responsibility Code** (ARC). Violations of this code may result in loss of lift privileges or injury. The ARC is posted in various locations on the mountain.

The ski area boundaries are marked with ropes and signs, and also marked on our area maps. Sun Peaks Resort accepts no responsibility for the safety of persons choosing to cross these boundaries. Rescue of out of bounds persons may or may not be possible and should costs arise from rescue operations persons involved may be charged.

ALPINE RESPONSIBILITY CODE (ARC)

- 1 Always stay in control. You must be able to stop, or avoid other people or objects.
- 2 People ahead of you have the right-of-way. It is your responsibility to avoid them.
- 3 Do not stop where you obstruct a trail or are not visible from above.
- 4 Before starting downhill or merging onto a trail, look uphill and yield to others.
- 5 If you are involved in or witness a collision or accident, you must remain at the scene and identify yourself to the Ski Patrol.
- 6 Always use proper devices to help control runaway equipment.
- 7 Observe and obey all posted signs and warnings.
- 8 Keep off closed trails and obey area closures.
- 9 You must not use lifts or terrain if your ability is impaired through use of alcohol or drugs.
- 10 You must have sufficient physical dexterity, ability, and knowledge to safely load, ride, and unload lifts. If in doubt, ask a lift attendant.
