

Wyatt Sherman

Wyatt Sherman is a BC, based Photographer, Videographer, and drone pilot specializing in Landscape, Tourism, and Prints.

He has been creating art, capturing moments, and ever learning since he got his first camera in 2012, a film camera where he learned to respect the process that goes into developing film and producing photos. Since then he has travelled to 3 continents and 10 countries creating film and photography in many styles and settings.

More recently he has been working with local businesses to enhance their brand and build his skills. When not holding a camera you can find him working on his Campervan, walking his dog or flying a drone.
