

Directions to the Whitecroft Waterfall

The Water fall is located about 10 minutes away from the resort area.

On-route to the resort, just past the village of Whitecroft and the cattleguard, pull over on the right side of the road as far as you can, and park in a safe area.

You will see a dirt road going up between two big cement blocks, this is the route to the Waterfall.

Continue up the dirt road passing a small cement damn on the right and a large rock outcropping on the left, this is where the road converts to a single-track trail.

Following up the trail, hikers will view a small waterfall and McGillivrary creek on route to the larger waterfall up ahead.

Continue on until you come to the opening, where you can stop to admire the falls, take pictures, or even enjoy a picnic. *If you pack it in, pack it out.*

But be careful and talk loudly along the way – you are in the wilderness and you want to ensure any possible wildlife hears you coming and heads back into the deeper woods.
