Tours & more.

20+ Restaurants

20+ Shops

WILDFLOWER TRAIN TO SUN PEAKS

Travel with ease to Sun Peaks to experience the mountains transform into a kaleidoscope of colour as the wildflowers blossom from the village to the alpine. The Sun Peaks alpine flowers are one of the most accessible displays in Canada, accessed by the Sunburst chairlift, and offer a range of sightseeing and hiking trails for all abilities. Enjoy the peace and tranquility of exploring the alpine meadows at your own pace or join a knowledgeable hiking guide to experience the very best of our alpine playground.

DAY 1 VANCOUVER TO SUN PEAKS

At Vancouver's VIA Rail Station, board one of the world's most legendary trains, The Canadian by VIA Rail, for your midday journey. This daylight trip will showcase stunning views of the Fraser Canyon and Thompson River before reaching Kamloops late evening.

Disembark the train and immediately join the Sun Peaks shuttle for a short 30 minute transfer to Sun Peaks and check into your accommodation at one of 9 hotels and lodges in the village core.

DAY 2 ARRIVAL TO SUN PEAKS

Wake up in the mountains at your leisure before heading to breakfast at one of the local cafes. Mid morning, you'll meet your hiking guide and pick up your lift tickets before making your way up the chairlift for you 2-hour guided tour in the alpine. Learn about the local flora & fauna while enjoying the panoramic views, vivid wildflowers and wildlife in their natural environment.

Following the tour, we recommend grabbing lunch at the newly renovated mid-mountain restaurant, so you can continue exploring the hiking trails on your own in the afternoon before downloading the Sunburst Express back to the village.

DAY 3 SUN PEAKS

Sun Peaks is home to British Columbia's highest golf course, offering a truly risk-reward, 18-hole course layout, centered along the valley floor amongst the three surrounding mountains. Begin your morning golf experience with a bucket of balls at the Sun Peaks driving range or connect with the local Pro for some tips and tricks on how to best master the course.

For the afternoon, a myriad of options are available to enjoy the stress-free and welcoming mountain environment. For those looking for some pampering, the full service Sun Peaks Spa and Massage has you covered. Services range from Eminence Organic facials to signature Hot Stone Massages. If the active outdoors are more your style, choose from one of many unique adventures such as Off-Road Segway Tours, Horse Back Trail Rides, Guided Cross Country Bike Tours and more!

DAY 4 DEPART SUN PEAKS

Enjoy another full day in Sun Peaks before departing to the VIA Rail station for an overnight journey to Jasper. Alternatively, transfer to the Kamloops Airport (YKA) to depart on one of several daily flights to Vancouver or Calgary.
