# WILDFLOWER TRAIN TO SUN PEAKS

Travel with ease to Sun Peaks to experience the mountains transform into a kaleidoscope of colour as the wildflowers blossom from the village to the alpine. The Sun Peaks alpine flowers are one of the most accessible displays in Canada, accessed by the Sunburst chairlift, and offer a range of sightseeing and hiking trails for all abilities. Enjoy the peace and tranquility of exploring the alpine meadows at your own pace or join a knowledgeable hiking guide to experience the very best of our alpine playground.

## TRAVEL VANCOUVER TO SUN PEAKS

At Vancouver's VIA Rail Station, board one of the world's most legendary trains, The Canadian by VIA Rail, for the overnight journey to Sun Peaks.

## DAY 1 ARRIVAL TO SUN PEAKS

Arrive in Kamloops at sunrise fully rested after a peaceful night's sleep. Disembark the train and immediately join the Sun Peaks shuttle for a short 30 minute transfer to Sun Peaks. Once in Sun Peaks, check into your accommodation at one of 9 hotels and lodges in the village core and take a stroll through the charming European-style village that features over 40 locally owned and operated restaurants and shops.

Next up, meet your hiking guide at Elevation, located in the heart of the village in the Sun Peaks Grand Residences where you'll pick up your lift tickets and make your way up the chairlift for your guided tour in the alpine. Learn about the local flora & fauna while enjoying panoramic views, vivid wildflowers and wildlife in their natural environment. Following the tour, we recommend grabbing lunch at the newly renovated mid-mountain restaurant, so you can continue exploring the hiking trails on your own in the afternoon before downloading the Sunburst Express back to the village.

## DAY 2 SUN PEAKS

Sun Peaks is home to British Columbia's highest golf course, offering a truly risk-reward, 18-hole course layout, centered along the valley floor amongst the three surrounding mountains. Begin your morning golf experience with a bucket of balls at the Sun Peaks driving range or connect with the local Pro for some tips and tricks on how to best master the course.

For the afternoon, a myriad of options are available to enjoy the stress-free and welcoming mountain environment. For those looking for some pampering, the full service Sun Peaks Spa and Massage has you covered. Services range from Eminence Organic facials to signature Hot Stone Massages. If the active outdoors are more your style, choose from one of many unique adventures such as Off-Road Segway Tours, Horse Back Trail Rides, Guided Cross Country Bike Tours and more!

## DAY 3 DEPART SUN PEAKS

Transfer to the VIA Rail station for an early morning departure to Jasper, or an evening departure back to Vancouver. Alternatively, transfer to the Kamloops Airport (YKA) to depart on one of several daily flights to Vancouver or Calgary.
