DAY 1 VANCOUVER TO SUN PEAKS
At Vancouver’s VIA Rail Station, board one of the world’s most legendary trains, The Canadian by VIA Rail, for your midday journey. This daylight trip will showcase stunning views of the Fraser Canyon and Thompson River before reaching Kamloops late evening.

Disembark the train and immediately join the Sun Peaks shuttle for a short 30 minute transfer to Sun Peaks and check into your accommodation at one of the 9 hotels and lodges in the village core.

DAY 2 SUN PEAKS
Wake up in the mountains at your leisure before heading to breakfast at one of the local cafés. Explore the village shops and pick up your lift and rentals for your ski day tomorrow.

Take today to join one of Sun Peaks’ remarkable Canadian experiences such as a guided Dog Sled Tour where you’ll meet a team of Alaskan Huskies as they pull you through the snow-covered backcountry. Or try your hand at catching a few of the hard-fighting and great tasting wild rainbow trout on a fully-guided Ice Fishing Tour on one of many frozen mountain lakes nearby.

DAY 3 SUN PEAKS
The Sun Peaks’ Learn to Ski program provides a great introduction to the world of winter sport and is tailored to provide first time skiers and snowboarders with everything they need to hit the slopes; including lesson, equipment rentals and learning area lift ticket. In the evening, guests can experience the magic of a winter’s night on a Moonlight Snowshoe Tour, including a delicious campfire treat of S’mores.

For dinner this evening, make a reservation at the Voyageur Bistro where you’ll find Canadian inspired dishes such as Venison, Bison, Elk and Salmon. Across the walls of the restaurant you will find Canadian artifacts such as beaver pelts, canoes and maps from the era of the Canadian Fur Trade.

DAY 4 DEPART SUN PEAKS
Enjoy another full day on the slopes or experience another winter activity, such as a Snowmobile Tour, before departing Sun Peaks to the VIA Rail Station for an overnight journey to Jasper. Alternatively, transfer to the Kamloops Airport (YKA) to depart on one of several daily flights to Vancouver or Calgary.

Travel with ease to Canada’s second largest ski area and experience the joy of learning to ski in a dedicated area conveniently located only steps from the compact and intimate village. Favorable interior BC snow conditions combined with the progressive learning area allow for a safe, gentle and unintimidating experience for beginner skiers and boarders.
